

☐ WEEDS & MOLD:

I am aware that sealing my pavers will NOT permanently stop weed and mold growth.

☐ SWIMMING POOLS:

When cleaning or sealing a pool deck there is a good chance that dirt and debris will get into the pool.

☐ STAINS:

All stains will be treated as aggressively as possible without doing damage to the pavers. Some stains may not come out, especially paint and oil.

☐ FURNITURE:

Customer is responsible to have all furniture removed prior to our arrival. We recommend moving all items the day before your appointment.

☐ PREVIOUSLY SEALED PAVERS:

If your pavers have been previously sealed you may still see roll marks, shine spots, blemishes and inconsistencies from the old sealer. These things may be more visible after sealing.

☐ AFTER CARE:

Vehicles must stay off sealed surfaces for 48 hours. Furniture must stay off for 24 hours. You may walk on surface after 4 hours (24 hours for travertine).

☐ DEPOSITS:

All jobs require a deposit and deposits are non-refundable after 24 hours.

☐ RESCHEDULING:

There is a \$100 rescheduling fee to reschedule any appointment without a 48 hour notice.

**Cleaning/Sealing jobs: \$100 deposit**

**Paver Restoration: 50% deposit**

**Paver Repair: 50% deposit**

Scope of work to be done:

*\*I was NOT told that Paver Protectors would move my furniture, guarantee an appointment time (unless 8:00 AM), or sand my pavers for free unless noted in the scope of work to be done. I'm not being told how many coats of sealer will be applied because it is not known until we see how porous the pavers are. I have read the scope of work to be done and it is accurate.*

*Payment is due upon completion. If I am not home when the work is completed, I authorize Paver Protectors to charge the remaining balance to the credit card I used for the deposit if applicable.*
